AMAZING THINGS Donors Have Made Possible

Hours
of Care
22,632

Look how much good your gifts to St. John's did –
even during a pandemic!

Family caregivers are able to have the confidence to handle difficult situations, lower stress, and improve quality time at home for themselves and their loved ones.

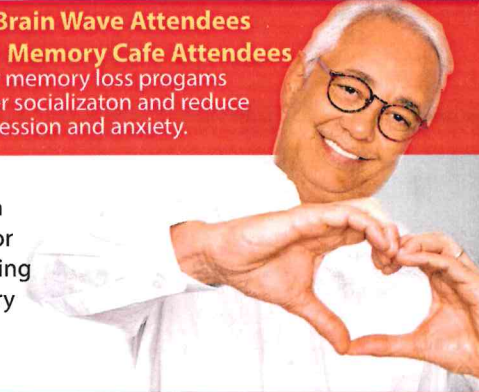

- **35 Support Group Attendees**
 - **21 Savvy Caregiver Attendees**
 - **10 Stress Busting Attendees**
- Helping families live their best possible lives.

- **82 Adult Day Program Participants**
- Community Care offers the only Adult Day Centers in Madison County which care for adults with dementia or other physical or intellectual impairments. Art Therapy, Music Therapy, engaging activities and more.

- **5 Brain Wave Attendees**
 - **21 Memory Cafe Attendees**
- Early memory loss programs foster socialization and reduce depression and anxiety.

Your support makes a difference every day for families caring for an aging loved one with memory loss or a disability.

- **424 Medical Equipment Loans**
- A free medical equipment loan program at the Collinsville location. Anyone is welcome to come in for a wheelchair, walker, commode, bath chair, crutches, canes and more. Small equipment only.

ST. JOHN'S COMMUNITY CARE (618) 344-5008
www.stjohnscc.org

The leader in aging and dementia care support services and resources in our community since 1985.

Empowering elders and their families, protecting dignity and independence.

St. John's Community Care complies with applicable federal civil rights laws and does not discriminate, exclude people or treat them differently, on the basis of disability, gender, or sexual orientation.

As a 501C3 non-profit organization, St. John's Community Care is supported by multiple foundations and individual donors. Volunteer or donate to support our mission. Visit our web site for more information.
